Gaye Memory

CTD Racing is offering 14 shares at £100 per month in Gaye Legacy, a filly with the potential to be a smart performer. She'll likely start off in a bumper in November but is already well schooled over jumps and will run in novice hurdles through the winter.

Topofthegame and the Grand National-placed pair The Last Samuri and Magic Of Light.

Gaye Legacy is from one of the most prolific jump racing families; her dam is a sister to the high-class Simon, one of the favourites in the 2008 Grand National who achieved a peak official rating of 152.

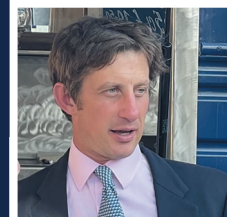

Although Gaye Memories is yet to have a runner there is an abundance of black-type under the second dam, Gaye Memory, herself a full-sister to Black Humour and a half-sister to Gaye Brief.

As CTD is syndicating 50% of Gaye Legacy on a lease basis, no upfront cost applies.

Typically of the family, Gaye Legacy is a compact, strong, confident type and a good walker. She is likely to appreciate soft ground and we hope she can add to the family legacy.

She is by Flemensfirth, who needs little introduction as the sire of Gold Cup winner Imperial Commander, Lostintranslation, Tidal Bay, Waiting Patiently, Tornado Flyer,

**Tom Symonds**

Herefordshire

Tom Symonds has put years of experience as assistant to Nicky Henderson to good use, having sent out 13% winners-to-runners in the last three seasons. Past successes include Grade 2 wins for Song For Someone at Cheltenham, Ascot and Kempton, while some new recruits offer plenty of promise.

Tom, his wife Elsa and the team at Dason Court offer a warm welcome to our syndicate members to their stable for both scheduled group visits and for individual CTD members in a picturesque Herefordshire setting.
